EXPO ExpoSpaceSaver™

An ExpoDisplays Product

The contemporary ExpoSpaceSaver™ gives your display a modern look!

ExpoSpaceSaver's innovative, custom design has all of the conveniences of a portable display with the roots of a custom exhibit.

Easy Setup: Display can be set up without the need to hire labor. It can be assembled within one hour using only one tool.

Large Format Graphics: Designed to maximize graphic space, large detailed graphics can be printed on graphic panels that take up 89% of the display.

Contemporary Design: Uniquely different from conventional displays, SpaceSaver offers a sleek, contemporary look that stands out from standard pop-ups at a show.

Multiple Lighting Options: SpaceSaver gives you the choice of inset lighting within a flat or curved canopy or five halogen stem lights.

Numerous Accessories: Multiple accessories available to add functionality and enhancements to your display. Choose between literature stands, podiums, shelves, monitor mounts and more.

Table Top Models: SpaceSaver is also available in a host of table top versions to make the most of smaller settings. Choose between four unique models.

Flexible Graphics: Choose between fabric or inkjet graphics. Reasonably priced graphics enable you to change out graphics as needed to update display.
